dependent upon
the availability of
appropriate peer matches.

New children require a
screening to help determine
appropriate group
placement.

There is non-refundable
screening fee of \$25.

Please call to schedule a
screening in May.

SUMMER 2017 CONNECTIONS

CONNECTIONS social groups provide opportunities for children ages 7+ to develop improved regulation, social communication, and language skills within a safe and unique play environment under the guidance of both an Occupational Therapist and Speech Language Pathologist.

The children who join the CONNECTIONS group will participate in fun games and activities designed to teach important life skills such as emotional regulation, conversational skills, social perspective taking, and problem solving skills.

CONNECTIONS social groups are held in our large sensory gym with equipment for climbing, balancing, and swinging all while facilitating play, learning and fostering friendships!

To learn more, contact us at (401) 348-9400. Registration forms: sensibledevelopmentforkids.com.
